Reports to Operational:	Toward Change Clinical Team Lead
Primary Site:	Mildura
Last updated:	March 2024

Be part of a major boost to mental health and wellbeing in Victoria!

The Mental Health and Wellbeing Locals are an important part of Victoria's reformed mental health and wellbeing system. The Victorian Government has committed to establishing 50 Mental Health and Wellbeing Locals.

In Mildura, Wellways, Mildura Base Public Hospital, Mallee District Aboriginal Services and Sunraysia Community Health are working together to offer an easy way to access care and support for people aged 26 years and over who are experiencing mental health concerns – including people with co-occurring alcohol and drug support and care needs and their family, carers, and supporters.

Mental Health and Wellbeing Locals are free, voluntary, and easy to access, with no referral required. Importantly, these new services will be delivered on the basis of *'how can we help?'* and a *'no wrong door'* approach, focused on giving choice and control over how the participant wants to receive support.

This new service will make it easier for the participant to access the support they need, closer to home and family, carers, and support networks.

Most importantly, Mental Health and Wellbeing Locals are safe spaces for everyone.

Commitment to Reconciliation

The Mental Health and Wellbeing Local knows that Aboriginal and Torres Strait Islander people have not always been well-served by mental health and disability organisations. Their social and emotional wellbeing has been impacted by generations of trauma, injustice and deprivation. As partner organisations, we recognise our responsibility in addressing these issues of injustice, inequality and stigma as part of ensuring our services are both welcoming and helpful for people and their families. As part of our commitment to reconciliation, we are working to create culturally aware and safe services for First Nations Community Members.

Working together - how we will deliver services

The Mental Health and Wellbeing Local is community-led and integrated through partnership that shares power, creating a responsive, flexible and helpful service.

The Local will operate seven days a week, with extended operating hours to support a flexible and responsive service. The Local Service model will provide integrated clinical support, care, and wellbeing support to participants and their family members or carers. The provided services will be in response to participants experiencing a mental health challenge and co-occurring substance use or addiction. This approach will improve the capacity of individuals to engage in our community and respond to any future psychological distress.

.

Community

The Mental Health and Wellbeing Local Services will be community-led, coproduction will be the means in which we ensure a diverse range of perspectives are included in design, delivery and governance of the local ensuring it reflects, responds and is accountable to the local community it supports.

Connected

An integrated service system connected through governance (partnership, operational and clinical) systems and workforce ensures people can access the right support at the right time.

Creating capacity for citizenship

Our model of care and governance structure has been designed to create capacity; in community, our workforce, individuals and their natural supports to recognise and respond to psychological distress and to address the barriers that impact people from participating in community and leading meaningful lives.

Team

This role makes up part of the Towards Change team and is a crucial part of the Victorian Mental health reform work that the partners in the Mental Health and Wellbeing Local are undertaking. This role will be part of a growing service system that places the community in the centre of the Local Mental Health and Wellbeing network across Victoria.

Role Purpose

The Mental Health Clinician, employed by the Mildura Base Public Hospital, will provide high quality mental health support including clinical, educational and consultative interventions to participants accessing the Mildura Mental Health and Wellbeing Local.

The role will be integrated into a multi-disciplinary team. This person will be focused on improving outcomes for participants, carers, and the wider community. They will be skilled in providing quality mental health support and have experience in providing evidence-based interventions. This person will be committed to building a culture that is inclusive and driven by values that are shared by the participant and the wider community.

The Mental Health Clinician will work in close partnership with participants, Lived Experience Professionals and their Clinical colleagues to support the recovery of psychological distress with a strong focus on transparent strengths based care

How you will make a difference

You will play a vital role in ensuring that participants, carers, and their families receive valuable and supportive mental health care. This role will fulfil the community's need for accessible clinical mental health service delivery and play an integral role in changing and shaping the way mental health and wellbeing services and supports are delivered to the Mildura community.

Now is your chance to shape the future of mental health and wellbeing in Victoria to ensure that everyone is supported and included.
